Paging and Holds

What are the minimal information and size requirements for Prospector paging slips?
While there isn't a size specification, at minimum, paging slips need to include:

- Slip print date
- Owning library
- Title
- Item number
- Author
- Call Number
- Destination library
- Pickup Location

There are sample paging slip templates on the Prospector staff website: https://www.coalliance.org/document-delivery-committee
